**Re: Announcement for Quiz 1 Paper and Marks, ELEC 341**

Dear Students,

This is to let you know that Su marked your Quiz 1 papers and the grades have already been posted on Canvas. The average grade for this quiz was 4 (out of 5) which is excellent. I also posted the quiz paper along with its answer key. You all did well and thank you for that.

Su has asked me to remind you of a few points in order to make marking your papers more manageable:

1. When putting your names on quiz or exam papers, please use the exact first name and last name that you have on Canvas.
2. Please always transfer your answers you picked in quiz paper to the answer sheets. On this occasion, Su kindly looked at the quiz papers as well to find the answers. This occurred in only a couple of quiz papers.

I wish you all a nice and relaxing midterm break.

Best wishes,

Siamak Najarian, Ph.D., P.Eng.

Professor of Biomedical Engineering (retired)
